General instructions

In this booklet are a number of scales and questions designed to measure your opinions, beliefs and behaviour. Please answer the questions as honestly as possible, in a way that shows how you really are, not how you would like to be or how you think you should be.

Instructions are given for each of the different sets of questions. Please read these carefully as they vary from section to section. Some sets of questions ask you to give an answer by ticking a box. Others ask you to rate how much you agree or disagree using a 4 point scale, others use a 5, 6 or 7 point scale. It is important that you use the correct scale for each question.

Thank you very much for agreeing to participate in this study.
